

**NAFA Fleet Management Association,
Clean Cities, City of Anaheim Fleet Department &
The 100 Best Fleets in The Americas™**

Present:

**Solutions to the Biggest Fleet Challenges in 2018;
Best Practices from The 100 Best Fleets**

**The 100 Best Fleets Pre-Conference at the City of
Anaheim Fleet Facility on Apr. 23**

Join your fellow outstanding fleet managers in round-table, fast-paced, interactive, relevant discussions of ideas that matter most to you. **This is a rare meeting of the best fleet managers from across the country, in one place at one time at a fleet facility exchanging ideas and best practices.**

Already one fleet picked up an idea from another fleet **saving them thousands of dollars.** You will hear this groundbreaking idea.

The **2017 Government Fleet Manager of the Year** will also be presenting on what makes them the best out of 38,000 public fleets in North America.

This one forum could make your entire I&E worthwhile. We only learn from the best.

We will also have the top **five emerging technologies** that are changing the industry. There are only two ways to do more with less...technology is one of them.

Anaheim is an excellent operation. You will want to take advantage of this hands-on site visit to **one of The 100 Best Fleets for 15 years running.** They have sustained excellence. How do they do it?

After the meeting we will meet for **more networking** in the Marriott lounge (no-host bar).

We will meet at the Anaheim Marriott (700 West Convention Way, Anaheim, CA 92802) at 12:30 to car pool over or you can meet us there at 1:00PM (parking is limited).

Registration for The 100 Best Forum (which is at the end of this message) is required as space is definitely limited in the meeting room.
