Tom Johnson
The 100 Best Fleets
5407 Diamond Heights, Suite 4
San Francisco, CA 94131

Dear Mr. Johnson:

On behalf of the DOE Clean Cities Program and the Clean Cities Coordinators, we would like to thank you for your presentation on the Top 100 Fleets Competition at the 2009 Clean Cities Coordinator Leadership Retreat in Gatlinburg, Tennessee, November 3-5, 2009. Coordinators are the key to Clean Cities' success. The information you presented will help the Clean Cities program and the coalitions in reaching their goal to reduce the nation's dependence on petroleum.

Your participation really helped to make the leadership retreat a success. Coordinator attendance was at an all time high; 78 coordinators representing 38 states participated. The new DOE regional office staff, and key staff from the national laboratories and contractors participated. The three day event gave the coordinators the opportunity to learn from their peers and provide input for strategies that will guide the future of Clean Cities. The retreat provides a unique forum to develop working relationships and exchange important information.

Presentations and other related materials from the retreat are posted on the Clean Cities website at <http://www.netl.doe.gov/publications/proceedings/09/CC-TN/>.

We appreciate our working relationship with you and again, thank you for helping make the 2009 Clean Cities Coordinator Leadership Retreat a success.

Sincerely,
